Pueblo Topics

By GLORIA FLORES

The Trojans team of Pueblo Center played a game of basketball against the boys of Hermosa Beach last week. The score was 22 to 28, in favor of Hermosa Beach.

Although the boys from Pueblo Center were much younger than the boys from Hermosa Beach, they played a very good game.

The girls of the 203rd Club also have started two basketball teams. The captains of these teams are Irene Herrera and Pearl Oloque. Their ambition is to practice real good and then play the girls of Hermosa Beach.

Plans are now under way for a Valentine's party that is going to be given by the 203rd club. All those interested, please see Al Ordaz or Gloria Flores.

On Friday, Jan. 31, three boys from Pueblo were injured in an automobile accident at Alhambra. They are Arthur Valencia, Louis Regnaga, and Billy Perez. The automobile in which these three boys were riding turned over, however, they just received minor injuries.

Redondo Union High Enforces Anti-Hazing

Hazing of any kind is forbidden on the RUHS campus by the California State law. Hazing includes any serious mock initiation or treatment that may prove injurious to a student.

Therefore, any freshman entering RUHS this semester will not be molested in any way, according to the school. Any engaging in this disgraceful play will be treated as a law breaker and punished by fine of not less than \$50, nor more than \$800, or imprisonment in the county jail for not more than six months, or both.

Torrance high school will be a part of Redondo Union high school district starting September, 1947, at least for one year, under decision of the voters at the special school election on January 24.

Charges Brought Against Benner Heard By Board

The Civil Service Board of J. J. Benner, dismissed fire captain, was in its third session last night in the Torrance City Hall. Benner was relieved by Fire Chief J. E. McMaster on charges of insubordination and failure to perform his duties as ordered.

Benner demanded a public hearing before the board under the provisions of the civil service ordinance.

Following a preliminary Jan. 27, the hearing opened Tuesday night with McMaster and members of the department testifying and the trial continued late last night.

TIMES FOR ACTION

Two times for action on your social security are, first, when a wage earner reaches age 65, and second, when a worker dies. Immediately, in each case, contact should be made with the nearest office of the Social Security Administration in order to be certain that no benefits are lost.

Steps Taken To Protect School Interests Here

Redondo Union High School district Board of Trustees will meet with members of the Los Angeles Board of Education to arrange details in connection with the transfer of Torrance High School and its equipment and supplies to Redondo district.

The conference, it was decided at a joint meeting with members of the Redondo board, Torrance school committee representatives, Dr. C. C. Trillingham, county superintendent of schools, Dr. C. C. Carpenter, assistant superintendent, and William Lamoreaux, deputy county counsel assigned to school legal matters, will deal with adjudication of bonded indebtedness, handling of Los Angeles shoeing students in the school and other matters.

Lamoreaux told the group that anything that is attached to the school buildings in Torrance must remain in the buildings and cannot be removed. This includes desks which are fastened to the floor.

He said that the people of Torrance are obligated to pay on the bonded indebtedness of money actually spent in Torrance, and that everything which they had paid for must remain in Torrance.

That brings up a legal question which may have to be decided in the courts, it was said, as many furnishings actually not attached to the buildings were purchased with bond funds.

It is hoped that the high school matter can be adjusted between the Redondo union board and Los Angeles high school board, but with the elementary school problem, the lawsuit may be necessary.

Every step will be taken to protect the interests of the people and children of Torrance, the Torrance group headed by Dr. Howard A. Wood told the conference, and if it is necessary to go to court to protect the investment of the people of Torrance have in the schools, a restraining action will be filed at once.

Los Angeles school authorities, have indicated their desire to confer on Torrance school problems, mainly the handling of shoeing strip children, but that they would talk only officially with the Board of Education but not with a committee.

This, it was pointed out, delays the adjudication of the various problems for the elementary matters.

However, the Redondo group and Dr. Carpenter said that they would bear in mind the elementary school problems in discussing those of the high school with the Los Angeles board.

Interesting Far East Exhibit At Local Library

The Torrance library this week is displaying novel relics from the Far East through the courtesy of John Husbands and Eugene Dunlop who spent considerable time in India during their military tour of duty. Handsomely carved novelties from fine ivory along with hand-woven articles of clothing are featured in the display.

Included among the treasured souvenirs are a forty-year-old calendar, various denominations of currency, a deadly curved weapon used by the natives and known as a Gurkha knife, Moslem "prayer beads," idols carved from ivory, brass trays of fine workmanship with brilliant colorings, a large 11-inch tip of an ivory tusk and many articles of incidental collectors items.

A standout in the exhibit is a small brass jar used by Indian pilgrims for carrying water from the sacred Ganges river. The vessel is highly polished and is an authentic Indian item used by millions who make the pilgrimage to the river.

Mrs. Dorothy Jamieson, librarian, suggests that many other items worthy of exhibit which were brought here by returning servicemen from the four corners of the world, should be displayed in the library for the enjoyment of local residents.

Persons interested in exhibiting their souvenirs from distant lands are requested to contact Mrs. Jamieson at the local library.

THE CAMPANILE

The Campanile, landmark for alumni of the Berkeley campus of the University of California, is 302 feet high.

Walkers Return Tomorrow From Caribbean Tour

Mr. and Mrs. Blaine Walker, of Torrance, are scheduled to arrive at home today after an extended tour through Gulf of Mexico and Caribbean waters.

Walker, executive secretary of Torrance Chamber of Commerce and Mrs. Walker, arrived Monday in a Louisiana port, having completed one of the first civilian tours of Cuban and South American ports since lifting of wartime restrictions.

Taxi Cab Fare Boost In City Is Announced

Local zone taxi cab fares will be increased from 35 cents to 50 cents effective at 7 a. m., Friday, Feb. 7, it was announced by the Yellow Cab Co. of Torrance, City Taxi Cab Co., Chuck's Cab Service and Vet's Taxi.

Spokesmen for the four companies state that the increase is mandatory due to greatly increased cost of operation, which includes such items as high gasoline prices and excessive insurance coverage required by the City of Torrance.

Harbor Chambers To Meet In City On February 13

Harbor District Chambers of Commerce will meet in Torrance on Thursday, Feb. 13, it was announced by directors of the Torrance Chamber of Commerce on Monday.

Usually meetings of the harbor district body in Torrance are held in the Civic auditorium, but due to the newly installed system of rental rates for the city building, the affair has been arranged for Allen's Blue Room, it was announced.

FAMED PILOT SPINS IN FROM LOW STEP GROUND AEROBATICS

After flying three million miles during the past 33 years without injury, Col. Roger Q. Williams slipped on the steps of Mayor Hugh Sherkey's Stone and Myers mortuary last Tuesday and injured himself.

Today cryptically remarked, "That's what I get for being too close to the ground."
